techrity

Techrity Innovation Foundation

Year in Review 2022

Executive Summary

Owanate Amachree,

Team Lead, Techrity Innovation Foundation.

2022 wasn't rosy as we are learning and unlearning but one thing is certain: we have the team, the motivation and the willingness to make this work.

This year we have accomplished a lot, as you will find in this report, but these wouldn't have been possible without the support of the core team members who do the work behind the scenes, volunteers who are ever willing to contribute their time and resources, community members who help us maintain focus and without the support of the community we wouldn't be here, our community partners who partnered with us to advance the mission of helping new talents into Tech, our donors who have financially backed us to achieve our mission.

We say a huge thank you and we assure you that we will keep pushing and together with your continuous, we will finally be able to **Create Equal Access to Opportunities in Tech** for **ALL**.

Community Engagement Report

The year 2022 was for Making Impact and Leaving Our Footprints in the Sands of Time. Part of our major goals as the community team was to improve members on the Slack workspace and engagement, starting with our team members down to the general community.

In building a community of strong and vibrant individuals who support each other and pay it forward using their skills and time, the Slack community grew twice its amount last year.

Total members on Slack: 601 members as at 23rd December 2022.

Team members: 17

Programmes and Activities Report

Here is a report of the key community-wide programmes held at Techrity in the Year 2022.

Date/Duration	Activities / Programs
January 2022	Launched the call for Techrity volunteers program
February 2022	Officially started operations for the year with the #BreakTheBias Story Contest for IWD 2022.
March 2022	IWD virtual event featuring various seasoned speakers.
April - May 2022	Started planning towards Techies corner with the maiden edition in May 2022. Still in May, the community partnership with Girlscript Foundation was launched.
June 2022	Techies corner with Kachi Maduagwu.
July 2022	Techrity at RSK meetup Nigeria.

Programmes and Activities Report

Date/Duration	Activities / Programs
August – October 2022	Techrity Mentorship Program Cohort II
September 2022	Techrity featured on Techblit Live
October 2022	Tech for Good Conference 2.0
November 2022	TMP Graduation ceremony and project demo
December 2022	Community partnership with Propel

Community Partnerships

This year we had the support of giants in the Tech Ecosystem around the world. Our shared values and interests brought us together to do one thing: To foster growth and collaboration for a better world using Technology.

Here are some of our community partners who helped us achieve our mission of helping new talents into Tech and building solutions for Social Good in Africa and beyond.

Mentorship

In-line with our mission and for the second year running, we continued to bridge the gap between young techies/talents who seemingly lacked the necessary direction or pathway in their career to outstanding mentors, teachers and Instructors in the various spheres of the tech space from all over the world; using our annual Mentorship Programme.

Areas of the tech ecosystem we covered in our TMP2022:
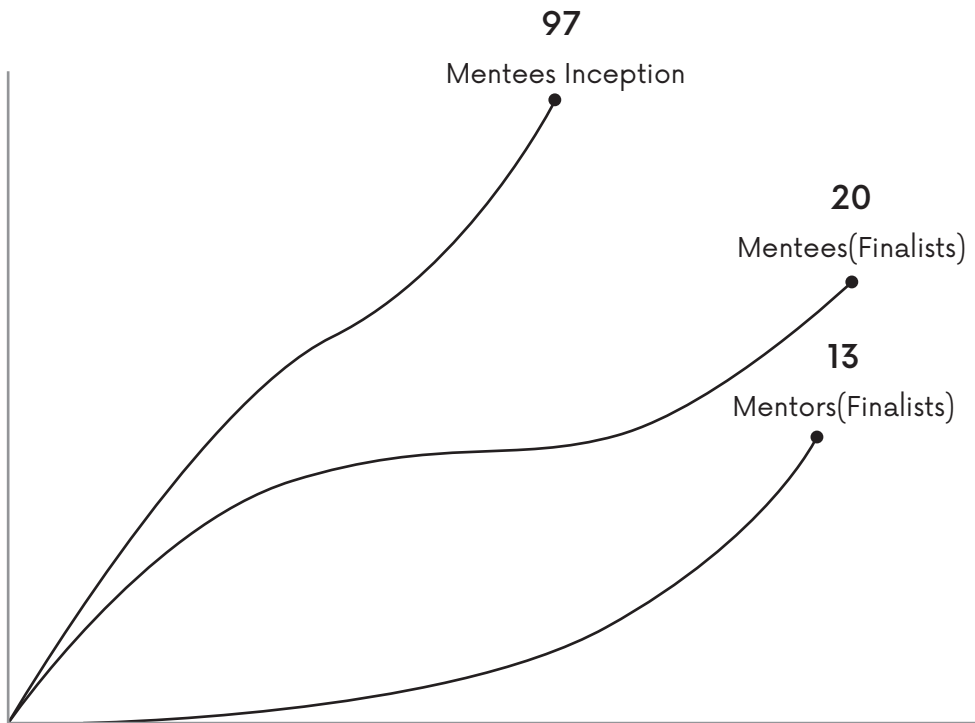

Frontend Web Development

Product Design

Data Analytics

Content Writing

Technical Writing

Web3

97
Mentees Inception

20
Mentees(Finalists)

13
Mentors(Finalists)

Mentees were awarded Certificate of completion and badges at the completion of TMP2022.

Mentors were supported with data and also assigned badges they could share on their professional profiles.

Mentees at TMP2022 inception: 97

Mentees at TMP2022 (Finalists): 20

Mentors for TMP2022 (Finalists): 13

Mentorship

TMP2022 lasted for a minimum of eight (8) weeks, started in September with selection and onboarding of mentors and mentees, 2022 and ended in November with the demo-ing of final projects and graduation of mentees (finalists). The programme was a success, as we recorded significant development and progress as compared to the previous edition (maiden edition). We had mentees and mentors from across the globe (Nigeria, Ghana, India etc).

We used a very special platform Mently to manage the Techrity Mentorship programme; from scheduling of mentor-mentees bi-weekly sessions, team meetings, to monitoring the progress of the mentors, likewise, the mentees and also awarding badges to outstanding mentors.

This year we had to step it up further by sourcing out internship opportunities for some of our mentees, so as to further develop their core strength in their respective area of technology.

TMP 2022 Amazing Mentors

Partners for the TMP 2022 includes:

Girlscript code from India (Official Partner)

Kickstart

Data Support

We supported over 20 people with Data support worth S10 quarterly and giveaways work S50 to two person to support them in their tech careers

Mentorship Support

We mentored over 50 people via the Techrity Mentorship Program. See more in the programs section

Laptop Support

This year, we partnered with Code Ambassadors to support a young techie in the Young Techies Festival held on the 23rd July, 2022.

We handed over One laptop to Fidel E. Wokoma, a 15 year old Python programmer, and N20,000 cash giveaway to an outstanding student. See more on our instagram post.

Social Media Stats

Natachi Nnamaka,

Social Media Lead, Techrity Innovation Foundation.

We are pleased to share with you the 2022 Social Media Report for Techrity. Our social media channels have experienced significant growth and success over the past year, and we are excited to share the details with you.

On Facebook, we have seen 25% in engagement. Instagram has also seen a 15% increase in engagement, and we reached the 1,000-follower milestone. LinkedIn has experienced a 25% increase in followers and a 25% increase in engagement. Finally, Twitter has seen a 20% increase in followers and a 15% increase in engagement.

Look at the attached report (link) for more detailed information on our social media performance. Let's continue to work together to grow our online presence and reach even greater success in the coming year.

Thank You
